INCORPORATED JANUARY 24, 1957

NO. 2 PORTUGUESE BEND ROAD  
ROLLING HILLS, CA 90274  
(310) 377-1521  
FAX (310) 377-7288

## **INSTRUCTIONS FOR GEOLOGICAL EXPLORATION**

(RHMC 15.04.120 amendment to Appendix J Grading,  
Section J103.2(7) of the Los Angeles County Building Code)

- Submit the attached Form. Submit additional sheets if necessary to detail the project
- Submit site plan showing areas of study/borings
- Submit pictures of site including slopes in the vicinity of exploration area
- Erosion control plan may be required
- Borings and test pits must be backfilled to existing grade immediately after exploration is completed and area secured for erosion control
- No export or import of dirt is allowed
- Dirt from excavation to be covered and watered as needed for dust control
- Boring sites and holes to be secured and fenced
- If grading is necessary to access the site, a grading plan must be submitted to the City
- If grading for the access or to create a pad for the equipment entails more than 3 ft. cut and/or more than 3 ft. fill, a review by the Planning Commission under the Site Plan Review process is necessary
- If access to the exploration area was graded and the applicant thinks it may be utilized for future construction, if within **six months** of said approval plans and application are not submitted for construction on the site, the access shall be restored to its pre-exploration conditions, including landscaping. Said site restoration shall be completed within three months.
